Chinese Firemen Besert.

On the 12th inst., the departure of the homeward German mail steamer. Hamburg was somewhat delayed at Singapore, owing to the desertion of her Chinese Eremen, and a new hatch had to be hunted up ashore to take their place. The desertors were shipped at Hangkong, and having received an advance of wages, thought the best way of spending their money and their New Year ashore was to run away at Singapore. We hope they will be caught, and properly punished.

At Happy Valley, yesterday afternoon, on the ground of the Hongkong Football Club; the 15th (Siege Train) Co., Royal Artillery, and BCo., Royal Welch Fusiliers, met to play off their Shield Tie in the Third Round of the competition. Great interest. was manifested in this game, as it was thought that if any of the R.W.F. teams was to come near winning the Shield this season it lay with B Co. The Siege Train men also are 'hot favourites.' B Co. had not shown what they could do in their fighting form up to yesterday, as they had bye in the first and a 'walk-over' from the Isis in the second round. The 15th Co. accounted for the 25th Co., S.D., R.A., after a drawn game, in the previous round. But the display of yesterday did not come up to expectations, the Siege Train men winning a slack game, especially in the first half, by 3 goals to 1. B Co. opened the scoring, and maintained their lead till well nighthe interval. Cleave got in a levely shot for his side, but the ball struck the bar and rebounded into play, when it was

The second half was an improvement on the first, the Siege Train men showing some of the good football they can play. The enumeration of Chinese denizons of Victoria reveals an increase of 13,821. The females have not kept increasing in anything like proportion to the rise in the number of males, which totalled 13,402. A notable feature of the returns is the increase in the population of Kowleon, In the four years the non-Chinese civil population has risen by nearly a third of the population registered in 1897. Against this, however, it is to be great length, showing the members where regretted that the influx of Chinese has statements in the report on the plans been very great and totals 16,395 more than the population recorded at last census. Mr Osborne The question is we are o get 2000 more feet than we had before, is that enough? The President-That is all you can get

Dr Hartigan-It is absurd to say that. The President-Well, tell me-where we can get another site. I always understood, that half a loof was b tter than no bread. Mr Fisherzof the Public Works Department, then produced the plans of the proposed new market, and explained them at propered by Mr C, V, Ladds, Colohisl Vetericary Surgeon. He, Mr Fisher, showed by figures that he had allowed very much more for light and ventilation than was the common rule. Mr Ladis said the number of stalls shown on the plan was 108, as against 160 in the eld Market. If, however, six mest shops for Entupeans were converted into 30 Chinese pork stalls, there would be 134 shops and stalls, as against 149, not 160, in the existing Market, and in addition they would have the accommodation provided for stalls and shops when the present Harbour Office was vacated. Mr Fisher then dealt at considerable length with areas. Ho wished the Board to understand that 36,819 square feet was the actual inside area, whereas the 28,550 given as the area of the old Market included the boundary wall and five shops in Bonbam Strand. Dooling with the caretaker's quarters, which Mr Ladda considered would be so yery uncomfortable during the summer months, he said he had no hesitation in stating that those quarters would be far ahead of any other similar

ounters in the colony. Dr Clark, in answer to a question by Dr Hartigan, said that when both blarkets were built they would provide accommodation for about 210 stalls.

Dr Hartigat said they required accommodation for 250. Of course, this had nothing to do with Mr Fisher, who had 174,094 done the best he could with the site he had

Dr Clark drew attention to the fact that for many years past the Sanitary Board had complained of the insanitary condition of the Western Market. There was no ruction that it was a disgrace to the c ty-It was the dirtiest, filthest place in the city. It was surrounded on all sides by buildings, and it was practically impossible to build a decent market on the site. Seeing that the Sanitary Board had been urging the Government to do away with this disgraceful state of affairs in the Western Market and build a decent market, when they were offered an additional 2,000 square feet they should receive it, apart sitogether as to whather it would we additional markat accommodation. He thought however that the Board might suggest that the present Western Market should not be closed until both the new markets were completed. When they got the two new markets they would have more stall accommodation than at present, and in addition it was proposed to crect a Decrease. 318 20 343 market at Taipingsban and which market Mr Osborne-I think we had bette

> shall get nothing at all. Dr Hartigan-It seems to me that it has been morely a question of money. The Board has not read the report, but seems to me that the one site beford the Committee was cheap and the ther was dear. The cost of the Government site was put down as part of the expense of a new market. I think the accommodation at present offered is not enough, and I think that ought to be pointed but to the Government. I think we ought to thank Mr Fisher for giving us the

The following is the Report of the Directors of the above Company for presents tion at the Twelfth Annual Meeting of Shareholders to be held on Wednesday, the 13th March, 1901, at 4.30 o'clock

In presenting their Twelfth Annual Report and a Statement of the Company's Accounts for the year 1900, the Directors congratulate the Shareholders on the satisfactory results attained, considering the trying times that the Settlement passed through during the last Suntaier.

The Working Account for the year shows eredit balance of Taels 162,818.33 as compared with Taels 153,283.06 last year. After deducting the amount of the intoring dividend paid in July, there remains a sum of Taels 101,386.03 at the credit of profit and loss account, and it is proposed by the directors to appropriate this sum as
